

# FIGHT CUTS AT QUEEN MARY

Support education, defend jobs—  
Fight for a democratic university

---

**When? 5pm, Thursday 18th March**  
**Where? Francis Bancroft Rm 1.15**

---

Come to the meeting and help build a powerful campaign to prevent bigwigs steamrolling over our futures!

Massive cuts of £400 million in higher education will hit us all—staff and students alike. Despite Queen Mary being hailed as a success story, and despite all the money the college and government receive from student fees, we are now facing a process of 'rationalisation', with management cutting back key services without consulting staff or students. This means funding cuts, course cuts and up to 100 job cuts. This means redundancies, poor quality teaching, lower pay, and fewer resources, while management continue to rake in their huge salaries.

We can only stop this attack on us all at Queen Mary if staff and students come together to fight for our common interests.

**The power of the university is in our hands.  
Let's take it.**
